

JAMDAGNI PUBLIC SCHOOL

ARYABHATA GANIT CHALLENGE

In pursuit of integrating mathematical principles with practical aspects of life, the Central Board of Secondary Education introduced the Āryabhata Ganit Challenge during the academic session 2019-20, catering to students in classes VIII-X of CBSE-affiliated schools. This initiative seeks to foster the development of essential competencies, including problem-solving skills, logical reasoning, mathematization, analytical thinking, precision and accuracy, and time management. The assessment methodology is designed to evoke joy in students through the application of mathematics in daily life scenarios. The Āryabhata Ganit Challenge unfolds in two stages, encompassing offline and online modes, each lasting one hour and featuring multiple-choice questions with a total weightage of 40 marks. The inaugural stage, conducted offline at the school level, serves the dual purpose of affording equal opportunities to all students and acting as an evaluative tool for schools.

It's a matter of pride for our school and Laksar that NAITIK SINGHAL of class X has scored a position among top 100 students in Aryabhata Ganit Challenge - 2024 in whole Dehradun region. It is to be noted that around 5,00,000 students of more than 5000 schools appeared in the first stage and 9000 students reached to the second stage at the national level. NAITIK SINGHAL has brought great pride and honour for the Laksar area at National level. Congratulations to her teachers and parents. Best wishes to her for future endeavours.
